## WORLD RENEWABLE ENERGY TECHNOLOGY CONGRESS 21<sup>st</sup> - 23<sup>rd</sup> April 2011, Le Meridien New Delhi

Dear Colleagues :

With the support of **Ministry of New & Renewable Energy, Govt. of India**, RAGA Integrated Technology Management Services, would be organizing a three days International congress-cum-exhibition namely **Second World Re-EnergyTech-2011** from **21-23 April, 2011** at **Hotel Le Meridien New Delhi**. The theme of the congress is **"Promoting Renewable Energy : Global Technology Cooperation, Innovation and Investment"**.

**India is a growing potential market for Renewable energy.** The Government of India is actively promoting the development of renewables through subsidies, concessional duties and programmes like the **National Solar Mission, National Action Plan on Climate Change**. In its focused approach India has a target of 10% contribution of renewables in power generation capacity by 2012.

After the phenomenal success of **First World Re-EnergyTech-2010** where 410 National and International delegates and exhibitors from 30 countries participated, It is my privilege to cordially invite you to actively participate in the **Second World Re-EnergyTech-2011** which will cover all major scientific and technical aspects of renewable energy and its environmental concerns. The main aim of the congress is **to promote renewable energy in India** and also to highlight the status and preparedness of India for managing **climate change** and the opportunities available for **Public-Private Participation**, to move towards **low carbon green economy**.

**Second World Re-EnergyTech-2011** will bring together industry corporate leaders, technology providers, R&D scientists, senior govt. officials, senior executives, concerned investors and institutions together with eminent experts from India and abroad to share their experience relating to energy security and sustainable environment and eco-friendly development. About 70 International renewable energy companies, 50 National renewable energy sector companies, 200 exhibitors, 500 International delegates and more than 5000 visitors are expected to attend the congress and the expo.

**Second World Re-EnergyTech-2011** shall provide vital information about the **latest concepts, trends and technological developments** with special focus on fostering co-operation for generating green business. The exhibition will showcase latest green technologies, equipments, products and services to harness renewable energy in the energy mix. For those interested and involved in renewable energy in India, **Second World Re-EnergyTech-2011** will provide the best available opportunity to interface with all who matter from ministers and officials in the government to the CEO's and executives from all the renewable energy companies operating in India to scientists and academia. Kindly join us to discuss, **yesterday's experience, today's status and tomorrow's challenges**.

India is known for its warmth of hospitality . We will bring glimpses of India's rich traditions to you. **India offers many opportunities to profit from one of the biggest potential renewable energy markets in the World today.** We are making all efforts to offer a meaningful, high quality congress programme to ensure that your stay will be enjoyable, memorable and affordable.

We look forward to welcome you to the **Second World Re-EnergyTech Congress & Expo-2011** at **New Delhi** for a stimulating and exhilarating professional experience.

Best regards,

Dr. Anil K Garg  
President

World Re-EnergyTech-2011

21<sup>st</sup> - 23<sup>rd</sup>  
April, 2011  
Le Meridien  
New Delhi  
India

GREEN CONGRESS

## The Conference Aims to:

- Provide an opportunity and open forum to exchange information, share experiences and best practices by bringing together experts, investors and other multi stake holders of Public and Private sector, advisory groups, governments, NGOs, non-profit organizations, environmentalists and academia.
- Address key drivers of renewable energy production and use, including global R&D efforts, innovative financing & funding, solutions for trade & investment barriers and sustainable renewable energy business.
- Focus on the opportunities for private equity and venture capital in cleantech energy companies as well as a detailed review of the latest technologies likely to create a sharp change in the industry, plus examination of the prospects for financing the scale-up of these game changing innovations and the rapid growth of renewables across the India.
- Provide a comprehensive analysis of problems and prospects of renewable energy sector.
- Provide in-depth assessment of regulatory framework.
- Provide an International window to showcase Indian expertise, capabilities in renewable energy sector.
- Provide an opportunity for interaction and networking.
- Promote Global co-operation in business and technology.
- Find ways for optimal use of World's energy resources for the benefit of mankind.
- Identify investment opportunities in new green energy areas for future co-operation and technology transfer.

## The Exhibition will:

Focus on **innovative products, equipments, technologies and services** to :

- Showcase India as an potential investment destination for renewable energy sector.
- Gain competitive advantage.
- Provide a platform for State-of-the Art technology displays.
- Reach buyers and demonstrate technology leadership.
- Display Research & Development in the areas of climate change and green technologies.
- Demonstrate the sectoral strength of the global renewable energy industry.
- Facilitate buyers.
- Build the brand and sellers match making.
- Create interest in young Indian researchers
- Provide exposure for rural development.

## Call for Papers

**Second World Re-EnergyTech Congress & Expo 2011** is now accepting abstracts, Submit your abstract of 150-200 words by **November 30, 2010** and take advantage of this opportunity to share your insight with the World's Renewable Energy Industries. **Papers** are invited **online (www.wretc.in)** with technical focus on : **Resources, Technology, Environmental Issues, Case Studies** on following sectors:

- Solar Thermal Energy
- Photo Voltaic
- PV Technology, Solar Materials
- Wind Energy
- Offshore Wind Forms, Fourth Generation Wind Mills
- Hybrid Energy
- Biomass, Bio-fuels, Bio-gas
- Waste-to-Energy, Waste Recycling
- Small Hydro-Power
- Cogeneration
- Evs / Hvs
- Hydrogen and Fuel Cells
- Geo-thermal Energy and Heat Pumps
- Marine and Ocean Energy Technology
- Ocean Wave and Tidal Energy
- Fourth Generation Green Equipments for Renewable Energy
- Energy Efficiency, Technologies and Energy Management
- Energy Efficient Certification
- Energy Storage, Batteries and other Storage Technologies
- Smart Grid
- Green Power Programs for Cities and Rural Development
- Green Buildings and Low Energy Architecture
- Renewable Heating and Cooling
- Infrastructure for Green Energy
- Energy and Gender Equitable Development (EGED)
- Women & Renewable Energy Business
- Renewable Energy Projects Financing
- Nuclear Energy & Nuclear Waste Management
- State-of-the-Art Technologies and R&D
- Sustainability in Renewable Energy Business
- Renewable Energies and Climate Change Mitigation
- Environmental Technology and Management
- Carbon Foot Prints and Carbon Management
- Carbon Sequestration and Carbon Credit
- Carbon capture and Storage

## Special Interactive Group (SIG) Business Meetings-Round Table (BY INVITATION)

During the **Second World Renewable Energy Congress and Expo-2011** following topical themes in business sessions will be covered:

- **Renewable Energies : Technology and Innovations for a Sustainable Energy Future.**
- **Finance and Investment opportunities in Renewable Energy Projects – Future Market Directions.**

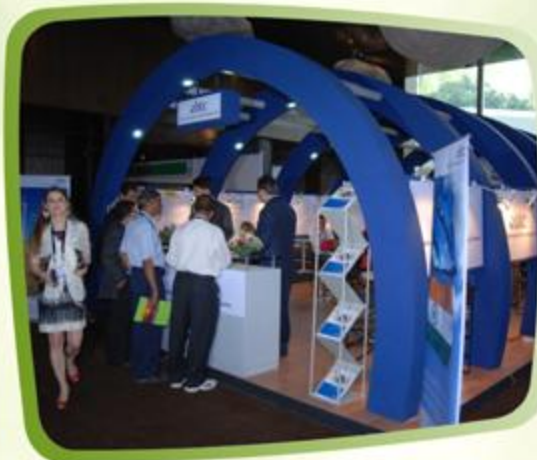

## Who Should Attend...

Participants will benefit from the high quality information exchange and networking opportunities. The congress will be marked by the presence of key decision makers from the government and corporate sectors in India and abroad namely:

- Diplomats
- Policy Makers and Regulatory Bodies
- Senior Government Officials
- Senior Energy Sector Executives
- Executives from Private and Public Sector Companies
- Technologists
- Entrepreneurs
- Project Developers
- Renewable Energy Associations
- Insurance Companies
- Architects, Building Owners
- Energy Management and Technology Companies
- Equipment Suppliers and Services Companies
- Advisory Groups
- Investors, Banks & Financial Institutions
- Equity and Venture Capitalists/Investors
- Component Manufacturers
- Legal, Tax and Technical Consultants
- Environmentalists
- R&D Institutes
- Green Power Providers
- NGOs and Non-Profit Organizations
- Academia – Students & Universities
- Carbon Fund Managers

Industry leaders are invited to express their interest in speaking at the conference.

## Delegate Registration Fees

Delegate Fee	National	International	Early-bird discount till 31 <sup>st</sup> Dec. 2010	
	INR 12000	US\$ 700	National	International
Speakers/Authors	Complimentary	Complimentary	INR 10,000	US\$ 600
Students Fee	INR 6000	US\$ 350	INR 5,000	US\$ 300
Accompanying Spouse	INR 6000	US\$ 350	INR 5,000	US\$ 300

Accompanying spouse programme will be a star attraction.

## Exhibit Space Charges (on first-come-first serve basis)

Stand Space Charges	National Exhibitors	International Exhibitors
Built Up Space (Minimum 9 sqm.)	INR 9,000 per sqm.	US\$ 300 per sqm.
Electricity Charges	INR 300 per sqm.	US\$ 10 per sqm.

Plus Service Tax 10.3%

Welcome to register as delegate by :

- ☎ Phone +91(11) 24538318
- ✉ Fax your completed registration form to +91(11) 43019379
- @ E-mail your details to us at [dranilgarg2011@gmail.com](mailto:dranilgarg2011@gmail.com)
- ✉ Post the completed registration form together with payment to :  
**F1-F2 Pankaj Grand Plaza, CSC Complex, Mayur Vihar-I, Delhi-110091, India**

Payment through cheque/draft/transfer through ECS in the name of **RAGA Integrated Technology Management Services Pvt. Ltd.** payable at New Delhi (A/c No. 007105005725 ICICI Bank, Green Park Extn. Branch) PAN NO.: AAECR0023R.

## Sponsorship Opportunities

Sponsorship / Partnership opportunities are available to enhance the visibility of your company. For details visit our website [www.wretc.in](http://www.wretc.in).
